Mark Reedy Award

Mark Adams Reedy finished his career at Lahser High School (Class of 2008) as one of the most prolific divers the school had ever seen. Mark's accomplishments speak for themselves: he was a four time State Meet Finalist, two time State Meet Runner Up, and a three time All-American. More than just a talented athlete, Mark was one of the most kind, engaging, and thoughtful people to ever grace Bloomfield Hills Schools. He had a way of lighting up and brightening any room he walked into with just his spirit, character, and pure optimism for life. Even more remarkable was Mark's willingness to go out of his way to cheer up anybody he thought was having a down day, displaying a genuine concern for the wellbeing of everybody that he met. The sheer amount of people who take undeniable pride in having been able to call Mark a teammate and friend is one of the greatest indications of what this young man meant to so many people. While Mark's accomplishments may one day fade, the impression he left on each and every person he met, and the unyielding love they returned to Mark, will live on forever.
