

August 14, 2014

Dear Bloomfield Hills School Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-14 educational progress for the Bloomfield Hills Schools. The AER addresses the complex reporting information required by Federal and some requirements of State laws. Our staff is available to help you understand this information. Please contact Learning Services Director, Dr. Heidi Kattula (hkattula@bloomfield.org) for help if you need assistance.

The AER is available for you to review electronically by visiting the following web site www.bloomfield.org/parents-students/annual-reports or you may review a copy in the principal's office at your child's school.

The report contains the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Educational Assessment Program (MEAP), high school assessment results on Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access or MEAP-Access)

- Presents achievement data for all five tested subjects (mathematics, reading, science, social studies and writing) compared to targets for all students as well as subgroups of students
- Helps parents understand achievement progress within schools and compare these to district and State achievement.

Accountability Scorecard – Detail Data and Status

Information is provided for the district and each school related to achievement targets in reading, writing, mathematics, science and social studies answering questions like:

- Did the district (and schools) meet achievement targets for all students and subgroups of students?
- Did the district (and schools) meet achievement growth targets for all students and subgroups of students?

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides State results of the national assessment in mathematics and reading every other year in grades 4 and 8

Review the table below listing our schools. The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is the top 5% of schools in the ranking. They are schools with the highest improvement values. A Focus school is one that has the largest achievement gaps between its top 30 percent of students and its bottom 30 percent, based on average scale score of its student achievement. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases no status label is given.

School	Status Label	Key initiative to accelerate achievement
Bloomfield Hills High School	No label	Align and our curriculum to the Common Core State Standards. 9th and 10th grade Learning Communities will provide a collaborative and personalized environment. Implementing several new programs to help address several of our achievement gaps.
Bloomfield Hills Middle School	No label	International Baccalaureate Primary Years Programme
Conant Elementary	Reward	Learning Targets
East Hills Middle School	No label	Personalize learning outcomes
Eastover Elementary	No label	Visible Thinking and Sustainability
Lone Pine Elementary	No label	International Baccalaureate Primary Years Programme
Way Elementary	Reward	Way Elementary is the first fully integrated Visible Thinking School in Oakland County. By making student thinking visible in the classroom, teachers' make informed decisions in moving students to deeper learning.
West Hills Middle School	No label	International Baccalaureate Primary Years Programme (PYP) and Middle Years Programme (MYP)

We are actively working to address the areas of concern by continuing to develop interventions that support student achievement across all subject areas and sub group populations.

We will use assessment data to determine student needs and provide targeted instruction in class and through the use of support professionals as well as general and special education resources.

Summer programming will expand to include online access and mathematics instruction while maintaining the successful summer reading programs of previous years. Teachers and staff will continue to receive professional development on best practices that are proven to eliminate the achievement gap and tied to our school improvement goals. We will continue to provide parent workshops on instructional strategies that can be practiced at home, to build our home-to-school educational partnership.

The Annual Report provides an important snapshot of our academic progress and overall 'state of our district', and it's my pleasure to report that we are performing at extremely high levels. I would like to congratulate our students and applaud the passion and enthusiasm they bring to the classroom.

As we all know, great performances are always made possible by a large and diverse team who work incredibly hard to bring about success. In the case of Bloomfield Hills, we have a team without equal – a team that includes our parents, community, instructional staff, support staff and administration. I look forward to many more years of working together to help our students reach even greater heights.

Sincerely,

A handwritten signature in black ink that reads "Rob Glass". The signature is written in a cursive, flowing style.

Robert J. Glass
Superintendent of Schools
