

I confirm that I have read and understand the following:

Under FERPA and corresponding Michigan law, a student's education records are protected from disclosure to third parties. With regards to COPPA, I understand that my student's digital work (projects, documents, email, files, username, and password) stored in Google Apps for Education may be accessible to persons acting on behalf of Google, with Bloomfield Hills Schools' permission, to facilitate the working operation of this online environment. This does not include any student demographic or grade information stored in our MISTAR student information system. I also understand that my student's use of Google Apps for Education is governed by the Bloomfield Hills Schools' Student Acceptable Use of Technology agreement.
