

Making Sense of Sensory Systems

Presented by: Susan Wit, M.Ed., OT
Occupational Therapist
Early On[®] Oakland Parent Educator

Date: Wednesday, March 10, 2021

Time: 7:00 p.m.- 8:30 p.m.

Location: Virtual via Zoom
An email invitation with a link to the event will be emailed before the workshop date.

Audience: This free workshop is for parents and caregivers of children birth to three years. This is an adult only workshop.

Program Description:

Join us as we explore the sensory system. Learn how children use the familiar aspects of taste, touch, smell, hearing and vision, and the less familiar areas like vestibular, tactile and proprioceptive to learn and grow. We will provide strategies to help develop your child's sensory system that will easily fit into your daily routines. Learn to recognize signs of sensory difficulties and when to seek additional support.

Registration Information:
