

2020-2021 BHHS Back To School In-Person Student Supply List

When preparing your high school student for this school year, we ***strongly recommend*** that all students returning to the building have the following items with them on a daily basis:

Health and Safety Items*

- An appropriate cloth face covering to be worn during the school day. We recommend that the student bring at least one extra face covering in case it needs to be replaced. Facial coverings may be homemade or disposable level-one (basic) grade surgical masks. A face shield may not be substituted for a cloth face covering and may be worn with a face covering. Click [here](#) for CDC guidance.
- Unscented Personal hand sanitizer containing at least 60% alcohol to be used when soap and water or school hand sanitizer may not be readily available.
- A water bottle with your name on it. The use of water fountains on our campus is discouraged.
- Rubber gloves (which can be washed and reused) for any class activities where a limited sharing of materials may be involved.

Technology

- Students should bring their own/school-issued Chromebook or laptop to school each day. A limited amount of school Chromebooks will be available at school to use..
- A pair of headphones/earbuds for classroom activities.
- Graphing calculator which can be used in all Math classes

Bloomfield Hills High School partners with students/families to ensure students have the materials they need each day.

*In accordance with CDC guidelines and Michigan Return To School Roadmap
