

Marianne Romsek  
Food Service Director  
Bloomfield Hills/Aramark

September 2020

Dear BHHS Families:

Welcome to a new school year! The Bloomfield Hills Food Service staff is looking forward to serving your student(s) this year and have been working hard during this unprecedented time to come up with safe and healthy solutions for food service

Together with collaboration with Bloomfield Hills high school, the Oakland County Health department and the Oakland County Food service directors, we have devised a plan to have individually prepared meals available for students during their lunch period.

The same quality and care will go into our meals as we have in the past. We will maintain our focus on safety, nutrition and food quality this year. An extra emphasis on the safety of our staff and the students we serve will take place by ensuring we all have proper personal protective equipment and staff training.

Complete breakfasts and lunches will be served at no cost to students. This program will tentatively run through winter break or until program funding runs out. Please make sure to fill out a national school lunch program (NSLP) application if you feel your child qualifies for free or reduced price meals as well, as this information is used for other programs and will be necessary to have on file when we go back to full pay meals.

Ala carte options will also be available during our breakfast and lunch periods and signs will indicate which items will need to be paid for and which are free. There will be a very limited menu as we roll out our new face-to-face programs so that meal service will be quick and easy. Free meals will be boxed up to "grab and go" and ala carte items for purchase will be limited.

For families that wish to get meals when their children are learning virtually due to the hybrid model, we will continue to have our FREE curbside pickup at BHHS in the front loop on Mondays and Thursdays from 11:30am – 1pm. Multiple days of meals will be distributed with the intention of providing meals until the next scheduled day your child goes to school.

Further information concerning our food service program such as menus, free and reduced applications and food modification forms for children with allergies, visit [www.bloomfield.org/departments/lunch](http://www.bloomfield.org/departments/lunch) .

We are proud to serve your child and encourage you to support our ongoing efforts to improve student health and well-being by participating in our food service program.

Thank you!
