Program Purpose

The peer to peer support program provides many opportunities for LINKed students, as well as students with learning differences and social needs. Students learn to relate to people with different needs and develop an increased understanding of individual differences. Student responsibility is also encouraged.

What is Peer to Peer (P2P)?

P2P support involves peers modeling typical academic and social behavior in educational environments throughout the school day. Peers provide support for identified students with learning differences in order to promote independence and socialization.

The LINK student will be trained as a peer mentor who will accompany an identified student to one of his/her general or special education classes.

This is a general elective course that awards credit as approved by the Michigan Department of Education and a grade to general education students. This course can be taken by any incoming 11th or 12th grade student, determined by completed application and acceptance by LINKed to BHHS Team.

"THE PURPOSE OF LIFE IS NOT TO BE HAPPY. IT IS TO BE
USEFUL, TO BE HONORABLE, TO BE COMPASSIONATE,
TO HAVE IT MAKE SOME DIFFERENCE THAT YOU
HAVE LIVED AND LIVED WELL."
