Dear BHHS Families,

The Michigan Department of Education allows students the opportunity to test out of high school courses. Students must exhibit mastery of course content by attaining a percentage of 78% (C+) or better on a comprehensive final assessment. Students may also be required to demonstrate mastery through assessments used in the class which may include, but are not limited to, portfolios, performances, papers, projects, and/or presentations.

Credit earned will be based on successful mastery of the required assessment and recorded as “pass.” The letter grade will not be included in the computation of the student’s grade point average. Once the credit is granted by “testing out,” it will be considered a fulfillment of that graduation requirement.

There will be three assessment windows for students to sign-up for test outs. All information regarding these testing windows is below. Please note that tests are divided by semester. Therefore, students must sign-up with a separate form for each semester of a course that they wish to attempt to test out.

| Date(s) | Time(s) | Location | Students Eligible to Sign-Up | Link to Sign-Up |
|--------------------|-------------------|--------------------------------|---|--------------------------------------|
