Michigan High School Football State Championships 2018

By: Will Merchant

If you love football as much as I do...The 2018 Fall Football Season was another great season in metro Detroit! Here is a break down of the division championships across our great state!

Division 8

Reading 39 v Breckenridge 20

Breckenridge started well but then gave up 4 rushing touchdowns and fumbled in the endzone. Reading recovered the ball. Reading only gave up 2 rushing touchdowns and 1 passing score.

Division 7

New Lothrop 56 v Madison Heights Madison 44

This was the highest scoring game of the matchups. Both quarterbacks had awesome games but New Lothrop came out on top in the end. Right at the end Madison threw a short pass that was intercepted to seal the game in favor of New Lothrop.

Division 6

Jackson Lumen Christi 42 v Montague 28

Lumen Christi was able to win their third back to back state championship. The first half was even but Lumen Christi pulled away with two more touchdowns in the second half.

Division 5

Hudsonville Unity Christian 42 v Portland 7

Unity started out with a 14-0 lead at the half. They kept giving the QB the ball and for 2 drives in a row for touchdowns. Then on the kickoff, Portland scored a touchdown later in the game. Hudsonville was at the goal line and the running back dove in the end zone for a touchdown to end the game.

Division 4

Edwardsburg 28 v Chelsea 7

Edwardsburg dominated the running game against Chelsea. The Eddies were determined to win after losing in the finals 2017. Chelsea was challenged by Edwardsburg strong defense who limited them to their fewest points scored since 2014.

Division 3

Detroit King 41 v Muskegon 25

Dequan Finn, the King quarterback who was named Mr. Football 2018 led his team to victory over Muskegon who were the defending state champions. Last year, King lost to Muskegon by three points but this year they won big! Muskegon is a great program and hope to be back next year.

Division 2

Warren De La Salle 29 v Muskegon Mona Shores 16

De La Salle is now back to back state champions. The teams were tied at halftime 7-7. De La Salle pulled away in the second half with their running game which was too much for Mona Shores defense.

Division 1

Chippewa Valley 31 v Clarkston 30

Chippewa Valley Big Reds scored the first touchdown with a run up the middle and into the endzone. Clarkston was at midfield and Chippewa intercepted a pass. The Big Reds were at the Wolves 40 and the wide receiver somersaulted in the air and caught a deep touchdown pass in the endzone. Later in the game Chippewa had a kick return for a touchdown just before halftime. In the 4th quarter, Clarkston scored to give them 30 points. Clarkston decided to go for the win with a two point conversion but were stopped no where close to the end zone, making this for an exciting finish and win for Chippewa Big Reds!

Dogs...Have Feelings Too!

by Amani Sefo

Happy

Dogs are the most common pet in our country because they are such fun animals! You can play with them and they may even be your best friend. YOU are in luck today because you are going to learn about your dog's feelings so you can be the best pet owner you ever!

DOGS are your new friends and they love to follow you. This is a picture of a energetic dog playing with his/her owner. They can be very nice and sometimes they do not want to be so energetic. But they still are very fun to play with. One other thing is that dogs have feelings, so if your are sad your dog will look sad.

Sad

This Golden Retriever is sad. Dogs can show this emotion when their owners are away, or even feeling sad themselves. Dogs have great instincts and can tell when their human is upset. A way to tell if your dog is sad is by looking at their eyes and also by how they are behaving. For example, if your dog is not very active, they may be sad!

Angry

This is a dog that you do not want to run into or come across at the playground. If you see an angry dog, move slowly and do not approach it. You can tell a dog is angry by its stance and the bearing of its teeth and growling.

Hopefully now that you know their feelings better, you will be able to communicate with yours a little better!

The Roller Coaster

A Short Story

By Gustav Lumelsky

Fred was worried, in fact he was always worried. His parents were split up, but his mom says you should never worry. Fred knew this was true, but he still worried. The fact that he was going to Cedar Point didn't help. His mom said there was a big surprise when he got there!

They pulled into the parking lot and if you wanted to practice driving this was the place. Fred looked up at a roller coaster, this was the Millennium Force, it seemed to tower into the sky.

"SCARY!!!!!" Max screamed in horror.

"Did we have to bring Max!" I yelled over my screaming brother.

"Yes, we did" My mom yelled back.

Max is my little brother. He likes to eat ice cream and can be really annoying.

"Scary!" he said again.

They walked through the maze of rides and games and I caught a glimpse of a familiar face...

"MATTHEW!!!!!!!!!" Fred said, "what are you doing here?"

"Didn't your mom tell you?" Matthew exclaimed.

"Tell me what?"

"That I would be here!"

"Thank you mom!" Fred replied happily.

"Let's ride the Millennium Force!" They shouted in unison.

Fred and his friends got on the huge roller-coaster and it climbed up the biggest hill and it zoomed down at such a high speed. It felt like it was going 1,000,000,000 miles per hour; it was a twisting,

turning ride. They felt like they were flying. When the ride stopped they stumbled off dizzily and got a big box of cotton candy

The boys got on to a old creaky ride called the Mine Ride. When it started it was going up the first hill and Fred felt like he was forgetting something...

He forgot his wallet at the Snake River Falls! He told his mom and Matthew that he had forgotten something at the white water rafting ride. And they got off the ride they ran as fast as they could and they found the wallet sitting on a bench and Fred snatched it up.

"That was a close one," Matthew said

The group walked to The Snake River Falls and got on. This was a ride where you get on and you get pulled up on a track in a boat like cart and they drop you down a steep ramp that's filled with water. Then you free fall down a steep ramp into a pond. The impact of the water slowed us down, soaking us as we slid under the bridge.

When they left the ride they had to cross the bridge. When you cross the bridge you have to choose if you want to stay and get blasted by the big explosion of water that the boat makes, or you leave.

They ran across the bridge but it was too late. Somehow, the boat slipped off the track it slammed into the bridge. People went flying, luckily there was a shallow pool of water under them to break their fall. Matthew jumped off last second but Fred was so worried and couldn't move that he was hit by the boat and plunged into the murky water.

"FRED! FRED! FRED!" A voice screamed!!

Fred woke up in a hospital and saw his mom and Matthew and Max. Someone had pulled him out of the water and rescued him. He was thankful for whoever saved him, and he would never ever ride that ride ever again.

BOOK FAIR

By Jax Bahri

My first thoughts about the book fair is that it was outstanding! It was similar to the one at Eastover but I liked the variety of books. The genres were very well sorted from scary, to gaming, to advanced reading, you name it!

The price range was very well leveled ,and it was so well leveled I got 4 books.

These are some books I got:

1. Resistance: Historical Fiction about teenager trying to save people from during World War.
2. Grenade: Is about two boys, (Ray, Hideki) on opposite sides.

If the beginning isn't interesting keep reading, once you get past the first chapters it really gets interesting!

If books are not interesting, how about those gadgets?

I didn't get any but how about you?

What was your favorite book?

What did YOU think about the book fair?

What did YOU get?

What caught your eye?

Did YOU like it?

If you want to answer email me at:

Please say your name and answer the question, and leave me any questions you may have.

Thank you!
